Recruiting Manger
Bon-Ton Stores
Dayton, OH, 45459

Dear Recruiting Manager:

I am interested in the Linux system administrator position posted on Monster.com.

I have been an avid Linux user for 5+ years. I have experience with various Linux distributions including Red Hat, Ubuntu, Suse, and Arch. I have deployed these various distributions on laptops and desktops. I am a Red Hat Certified Technician (certificate #604006665210201). I have written various bash scripts to automate administrative tasks. I have also written Perl, php, and Python scripts. I have also administered a personal MySQL server as well as written software to interface with a remote MySQL server.

The Linux system administrator position sounds like a wonderful opportunity, and I would welcome the chance for an interview to discuss your needs and outline my strengths in person. You may reach me at (507) 990-9052 or nick.klosterman@gmail.com. Thank you for your time and consideration of my resume. I look forward to speaking with you.

Sincerely yours,

Nick Klosterman
